## Mini Flight Pass sectors AUD\$169 per sector

## Classic Flight Pass Sectors AUD\$199 per sector

## Premium Flight Pass sectors AUD\$229 per sector

Schedules and routes can change according to market demand, and more companies join the program, so please recheck for the latest information.

- Only the flights shown operated and marketed by the participating airlines are valid, ie **code-shared flights are not permitted**, except where specifically noted otherwise.
- Some flights are seasonal and may not operate all year; there are many extra flights/routes that operate only in the European Summer. *Flights known to be seasonal are shown in italics.*
- The majority of flights are available in both directions but a small number of flights are available in one direction only.

The "Flight Pass" column indicates whether a Classic or Premium Flight Pass applies.

## PARTICIPATING AIRLINES

0D		With its base in Lugano Switzerland, <b>Darwin's</b> fleet of 50-seat Saab 2000 aircraft link Berne, Geneva & Lugano with Rome, London (City Airport), and Olbia, Sardinia.
2W		<b>Welcome Air's</b> fleet of Dornier aircraft are ideally suited to fly directly into the alpine cities of Innsbruck & Graz making access to ski resorts fast and easy! The high-wing aircraft also afford uninterrupted panoramic views during the flights.
9F		Experience the exhilaration of high-speed rail from the centre of London to the centre of Paris or Brussels via the "Chunnel", and also direct to EuroDisney. The <b>Eurostar</b> avoids long check-in and transfer times at each end of a flight between these cities, and also currently does not incur any taxes/surcharges.

A3		<b>Aegean Airlines</b> fleet consists of 6 brand new Avro RJ-100 jets manufactured by BAE Systems (British Aerospace) and 13 Boeing 737-300/400, all of which have leather seats. Aegean Airlines serves 14 cities in Greece and a further 11 cities abroad.
A7		With it's fleet of 747s, 737s & Airbus 310s, <b>Air Plus Comet</b> flies both trans-Atlantic and intra-European services. Passengers on the EuropebyAir FlightPass enjoy full service with Air Plus Comet between Spain and Italy, France & London.
AP		Nearly all <b>Air One</b> flights are code-shared with Lufthansa, so Lufthansa's Miles & More members receive mileage when travelling on Air One. Lufthansa also provide the majority of maintenance to Air One's fleet of 29 Boeing 737s based in Venice, Italy,
C9		Every <b>Cirrus Airlines</b> passenger is eligible to participate in the attractive Lufthansa Miles & More frequent flyer programme and earn miles. Cirrus also offers the opportunity to redeem collected miles for flights. Their route network centres around Germany's many regional & business cities.
E8		From humble beginnings in 1976, <b>Alpi Eagles</b> has now grown to connect Italy with 24 points as far afield as Moscow, Prague, Nice, Barcelona, Bucharest, Athens, Tirana, and Timosoara using a fleet of Fokker 100 jets, amongst the world's quietest aircraft.
EA		A niche carrier, <b>European Air Express</b> flies into/out of London's City Airport and Berlin's Tempelhof Airport, both being the closest airport to their respective city's centre, thus making overall journey time much shorter. EAE also flies to another 8 cities in western Europe.
GR		Linking the Channel Islands to destinations in the UK and on the Continent, <b>Aurigny Air Services</b> has carried more than 9 million passengers since it's inception in 1968.
LA		With it's head office in Santiago, Chile, <b>LAN</b> is a member of the oneworld alliance. Enjoy Latin hospitality and the facilities of international longhaul aircraft on LAN's daily Airbus service between Madrid & Frankfurt.
OL		The German carrier <b>OLT</b> links the northern German city of Bremen with various domestic cities as well as with Brussels, Copenhagen, London City, Toulouse, Zurich and the Hungarian spa resort city of Debrecen.
OU		Despite a relatively small fleet of 10 aircraft, <b>Croatia Airlines</b> carries in excess of 1.32million passengers each year between 8 Adriatic cities and the rest of Europe. Croatia Airlines joined the Star Alliance in 2004.
OV		<b>Estonian Air</b> was established in 1991 after Estonia was granted independence, and has quickly grown to serve 16 European destinations with its all Boeing B737 fleet. Estonian Air is a member of SAS EuroBonus frequent flyer programme.
SN		With it's hub at Brussels, <b>SN Brussels Airlines</b> all-jet fleet spans a network of more than 36 destinations in Europe on the FlightPass.
TE		<b>Lithuanian Airlines</b> operates a fleet of 5 x Boeing 737 and 3 x Saab 2000 aircraft, linking the Lithuanian capital Vilnius with 14 European cities.

VG		One of the most exciting and time-saving flights to/from London is to fly into London City Airport in the Docklands with <b>VLM</b> . This airport is only 10km from the City, and requires only a 30min check-in time!
ZB		As well as being one of the UK's major airline suppliers to the tour operating industry, <b>Monarch</b> also provides scheduled flights from Manchester and London to 16 Spanish & Portuguese resort cities, including the Canary Islands.
ZI		In 2006, <b>Aigle Azur</b> celebrated 60 years of service. The 9 "Azure Eagle" Airbuses operate more than 110 daily flights which link 8 French cities with another 16 cities in Portugal, Tunisia, Morocco & Algeria.

## FARES AND CONDITIONS

**Eligibility** The Europe by Air FlightPass is available to citizens and permanent residents of non-European countries. Tickets must be purchased prior to leaving Australia – the FlightPass is not available for purchase in Europe. Unlike some air passes in Europe, there is no requirement to purchase a minimum number of coupons, nor are there any zones nor mileage calculations to worry about, and you can fly to/from Europe on any airline. Don't forget to check that your passport is valid, not about to expire and that you have any necessary visas for your trip.

**Fares** Two types of FlightPasses are available: the **Classic FlightPass** which is valid on any one of more than 600 flights in Europe, and the **Premium FlightPass** which is required to travel on certain longer flights. Check which fare applies for your route in the [list of eligible flights](#).

Given the already low prices, there are no further discounts for children or infants, but they do get the full adult baggage allowance, and infants get a seat when travelling on the FlightPass.

**Taxes** Taxes and/or surcharges apply to/from most cities and are not included in the fare. [Alpi Eagles \(E8\)](#) require taxes to be paid by credit card at the time of purchasing the FlightPasses, but for travel on all other airlines, passengers pay all applicable taxes at the airport ticket sales counter prior to checking in. This saves having to have your ticket reissued if you change your mind and travel on a different route - you just turn up at the airport and pay the applicable taxes for the flight you're about to get on.

The amount of taxes & surcharges varies depending on the route, ranging from none on the Eurostar to about AU\$100.00 for some flights, but on average, taxes for the most popular flights booked are about AU\$60.00 - the amount for your flights can be advised at the time of booking. These taxes & surcharges can comprise government taxes, security fees, airport levies, noise levies, baggage screening charges, departure & arrival taxes, insurance & fuel surcharges etc, and apply no matter whether you're using the FlightPass or a traditional airline ticket.

**Routings** Only the non-stop flights on nominated routes operated and marketed by the participating companies are valid - check the list of flights for the full list. Some routes are seasonal (ie they operate only certain times of the year), some routes operate in one direction only, and airlines add and remove flights depending on demand, so ensure you recheck the list for the current details.

**Reservations** Reservations are not absolutely necessary, however we strongly recommend making reservations since your plans may be somewhat upset if you can't travel on your preferred flight. Bear in mind the FlightPass is nonrefundable if not used, even if because you can't get seats on the flight you want. Reservations for all sectors can be made with your travel agent or directly with Europe by Air, and they can be changed with the airline once in Europe free of charge (subject to availability). If you plan to connect on the same day between 2 different airlines on the FlightPass, you need to allow enough time (and have any appropriate visa) to enter the transit country so you can pay the taxes for the second flight, then check-in for the second flight.

You should reconfirm each flight directly with the carrier concerned in Europe at least 72 hours prior to departure to otherwise your booking may be cancelled.

**Validity** Each ticket is valid for a maximum of 120 days from the first flight, or 120 days from the date of issue if you do not have any reservations. There is no minimum stay requirement.

**Payment** FlightPasses must be purchased at least 2 weeks prior to departure from Australia, although some airlines will require payment to be made at the time of reservation or within a certain number of days from booking. Payment can be made bank cheque, direct deposit to our account, or to your travel agent.

**Changes** Changes to flights, dates & routes within the validity and rules of the FlightPass are permitted free of charge (subject to availability). You can even use your coupon on another carrier or for a different route, something most internet "cheapie" airfares don't allow. Name changes are not permitted under any circumstances however.

**Refunds** Once purchased, all coupons are non-refundable. Unused, lost, stolen or destroyed coupons **CANNOT** be replaced or refunded, so we recommend you have travel insurance that covers such eventualities. There is no refund if a Premium FlightPass is used on a Classic FlightPass route.

**At the Airport** You need to allow enough time to pay for any applicable taxes at the airline's airport ticket sales counter prior to check-in. We recommend at least 2 hours prior to departure, but you should observe the airline's recommendation when reconfirming your flights.

Most airlines allow 20kgs of checked baggage per adult/child, but some airlines such as AlpiEagles and Italian & Greek domestic flights only allow 15kgs. These days most airlines charge if you have excess baggage, and the charges can be quite high, so plan ahead and avoid any nasty surprises at the airport.

Don't forget that cabin baggage is also restricted, particularly liquids & gels. The [UK Dept for Transport website](#) and the [European Commission Transport website](#) have good guidelines as to the types of restrictions that apply in much of Europe.
